GRIEVANCES OF THE UNITED STATES AGAINST MEX100.—Our regular correspondent at the city of Mex100, writing on 19th August, says: For fear the readers of the Bulletin may not be able to call to memory the various outrages committed by the Mexican Government against the American flag, and against American citizens, I shall here enumerate a few,

ithout going into explanations:
The imprisonment of Consul Smith, at Mazatla for what appears, by testimony on file in the U.S. Legation of the City of Mexico, and the State Departnent at Washington, to have been a proper discharge of his duties.

The insult given to Consul Rice at Acapulco, and the loss occasioned to him by the arbitrary and dis-honest acts of the officials of that port, as appears by estimony in the State Department at Wash The arbitrary banishment of Consul Forbes from his official residence and place of business at Tepic, on what appears, by Mexican confessions, to have been false charges, preferred by disreputable parties. This act was committed without retaining the exequatur of Mr. Forbes, which makes it a most positive insult to the American flag, besides a most placing insuit to the American flag, besides a most glaring outrage upon a highly honorable and much esteemed

The imprisonment, lately, of an American at San Luis Potosi, for refusing to surrender a deed to properties which he had bought and paid for according to the laws of the country. The American refused to give up his deed without some consideration, after being advised to do so by the Government.

The cold-blooded murdering of several men at Dunbar's store at Arizona by Mexican officials.

The banishment of several Americans from their

The banishment of several Americans from their business in this capital and forcing them to leave the country, becarse they, with the advice of the American Minister, refused to comply with a decree im-

posing a forced bond upon them.

The continued imprisonment of Ainsa, after his proving himself innocent of the charges preferred against him, and after his release has been repeatedasked for by the American Minister. The seizure and confiscation of several American

vessels without any just cause.

The arrest and detention in prison of several Americans without any just cause, and the denial to have trials given them after months of confinement in dirty and unhealthy cells. Repeated examples of bad faith on the part of the Mexican Government in failing to comply with the

agreements made with American citizens. Repeated cases of denial of justice by the courts of the country when American citizens have been inter-ested. Many of these cases have been so classified by the higher courts of this country, but the government continues to disregard the just claims thereby made against it .- - S. F. Bulletin.
